

**CALL TO BUSINESSES - BUSINESS COST REDUCTION:
Book your business cost audit today with Orpington BID**

Dear Orpington BID Business,

We are aware of the rising costs of running a business in Orpington and are always searching for new ways to help you and your business reduce these costs.

We are pleased to announce we are working in partnership with **Meercat Associates**, who are specialists in identifying where individual businesses can make savings. They will work with you to review your business costs (in key areas such as utilities and telecoms) and present you with a review, illustrating where you may be able to reduce your costs. If you choose to save your business money by moving to a new supplier, Meercat Associates can work with you to make the switch as simple as possible, managing your contracts on your behalf.

There are no additional costs or commissions payable; your BID Levy funds this service, along with other projects delivered by Orpington BID – make the BID work for you and book your audit today.

Meercat Associates work exclusively with Business Improvement Districts (BIDs) across the UK to harness the collective buying power of businesses. There are approximately 350 businesses and organisations within the Orpington BID; we can use this collective buying power to help you save money.

A cost saving initiative brochure will be delivered to you and representatives of Meercat Associates will also be calling businesses to book cost saving audits. However, you have the opportunity to secure a visit now and with many businesses already keen to take up the initiative, early booking is strongly recommended:

We have slots currently available on:

10th & 11th July, 17th & 18th July, 24th & 25th July

Contact the BID office today to tell us when you would like to receive a visit.
