Business Newsletter March 2014

Odeon Development

It's started! Work has now begun at the Walnuts. As this letter goes to print, BT are on site moving cabling to prepare for construction!

Parking Review

The BID Board has met with the Council to request a review of the current parking scheme. This has been agreed and we will now be consulting with businesses and customers to recommend alterations which will provide a much more welcoming approach to parking in the high street and prevent unnecessary fines and tickets being given. A comprehensive business survey regarding your loading requirements will be delivered w/c 17th March. Your comments count, please have them ready to collect w/c 24th March.

Berkley Homes:

More Homes, More Customers = More Vibrant

Great news for the town's ever expanding development and improvement programme. It is now official that Berkeley Homes have finalised their purchase of the Old Police Station in Walnut Square. A detailed planning application, likely to be for a mixed use development scheme, will be submitted to the local authority shortly.

Toilets Now Under Orpington 1st Management

The refurbished facilities are due to reopen on Wednesday 19th March. Every effort has been made to ensure that they are of the highest quality and that they provide a much needed asset to the town. Access in the ladies has been improved to allow for pushchairs and they now include a private baby changing and feeding room.

The facilities will be kept clean and closely monitored throughout the day by a team of attendants.

Orpington 1st Partners with CD Waste Management

Take advantage of the cost savings for your business through our joint procurement of waste management service. CD Waste Management Ltd, in partnership with Orpington 1st, will save your business money, provide a hassle free one point of contact and eradicate overflowing bins, creating a pleasant and safe environment. CD waste will be carrying out extensive site visits, but please feel free to contact them direct.
